

## A black and white photograph of a vintage PLOSO radio. The radio has a dark, rectangular body with a large, perforated metal speaker grille on the front. The brand name "PLOSO" is visible on a small plate above the grille. Below the grille, there is a row of five control knobs and switches, including a large volume knob and several smaller tuning and function controls. The radio is shown from a slightly elevated angle, highlighting its boxy design.

## CONTROLLO FISILOGICO DI VO- LUME
